INTRODUCTION

HISTORY OF HTML:

HTML stands for **Hyper Text Markup Language**.

- It is used to share the information over the internet.
- HTML id developed by Tim Berner's Lee in 1991.But officially in 1993.
- The First version of HTML consists of “18 tags”
- HTML follows certain rules and regulations setup by “**ISO**”.
- International Organization for standardization is set of rules and regulation are present in ‘**SGML**’ document.

Versions of HTML

- **HTML-1** version in the year 1993.
- **Html-2** version in the year 1995.
- **HTML-3.02** version in the year 1997.
- **HTML-4.1** version in the year 1999.
- **HTML-5** version in the year 2014.

Features of HTML

- It is easy to Learn.
- It is a tag based language.
- HTML is supported by multiple browsers.
- First web browser is Netscape navigation which was developed by the “Mosaic”.
- It is a portable language.
- **WORA** stands for ‘write once run anywhere’

Limitation of HTML

- HTML has less designing capabilities.
- It is dependent on other technology such as CSS in order to develop well designed Webpages.
- HTML has no programming capabilities.
- Using HTML and CSS we can develop only static Web page.
- In order to write the HTML code required an editor such as VS Code, Notepad, Eclipse.
- In order to execute the HTML code we required Web browsers.Like Chrome, Firefox, edge, Opera Safari .

CSS

- CSS stands for **Cascading Style Sheets**.
- It was developed by W3C to add stylings to the HTML elements.
- W3C stands for World Wide Web.com

Versions of CSS:

- CSS-1 (level-1) in the year 1996.
- CSS-2 (level-2) in the year 1998.
- CSS-3 (level-3) in the year 1999.

Why do we required CSS ?

- Since HTML has less designing capabilities we cannot create well designed or most appealing Websites.
- Using HTML we cannot add style, animation and transitions to the Webpage.
- Therefore we require CSS to create well designed Webpages.

Advantages of CSS

- It allows to add styles, animation and various effects to the Webpage.
- It allows us to develop the Webpage rapidly. It is also known as RAD (rapid application Developer).
- It allows us to separate from formatting developer page to the presentation of Webpage.
- It allows to create well designed Websites.

Limitations of CSS

- Using CSS we can perform static styles for the Webpages.
- In order to create dynamic styling for the Websites. We must make use of scripting language such as JavaScript and Libraries of JavaScript.

Types of CSS:

1. Inline CSS
2. Internal CSS
3. External CSS
4. Default Browser CSS

Inline CSS:

Defining all the CSS properties within the style attribute inside the opening of the tag is referred to as Inline CSS.

Internal CSS:

Defining all the CSS properties within <style> inside the HTML document is referred to as Internal CSS.

External CSS:

Defining all the CSS properties within as external Script or File with an extension CSS is referred to as External CSS.

- In order to link external CSS file within the HTML document we must use of <link>.
- The value for the ‘ref’ attribute should be ‘stylesheet’.

GQT OFFICIAL WEBSITE(CLONE)

Scope of the document

Global Quest Technologies (GQT) is an online platform dedicated to providing in-depth insights, resources, and services related to cutting-edge technologies and their real-world applications. The scope of the GQT website includes:

Technology News and Trends: GQT will offer the latest news, updates, and trends in various fields of technology, such as artificial intelligence, blockchain, cybersecurity, biotechnology, and more.

Educational Resources: The website will provide comprehensive educational materials, including articles, tutorials, and video content, to help both beginners and experts understand complex technological concepts.

Product and Service Reviews: GQT will feature unbiased reviews and assessments of technology products, software, and services, helping users make informed decisions.

Industry Insights: The website will delve into specific industries and examine how technology is transforming them. This includes case studies, interviews with industry experts, and analysis of technology's impact on sectors like healthcare, finance, and manufacturing.

Community and Collaboration: GQT will foster a community of tech enthusiasts, professionals, and innovators, allowing them to connect, share ideas, and collaborate on projects.

Events and Webinars: The website will promote and host webinars, conferences, and events related to technology, providing a platform for networking and knowledge sharing.

Technologies Used

- HTML5
- CSS3

Our Project

Root Structure:

GQTCLONE

→**CODES**

→**HTML_Files**

- GQTclone.html
- GQTCCNA.html

Output:-

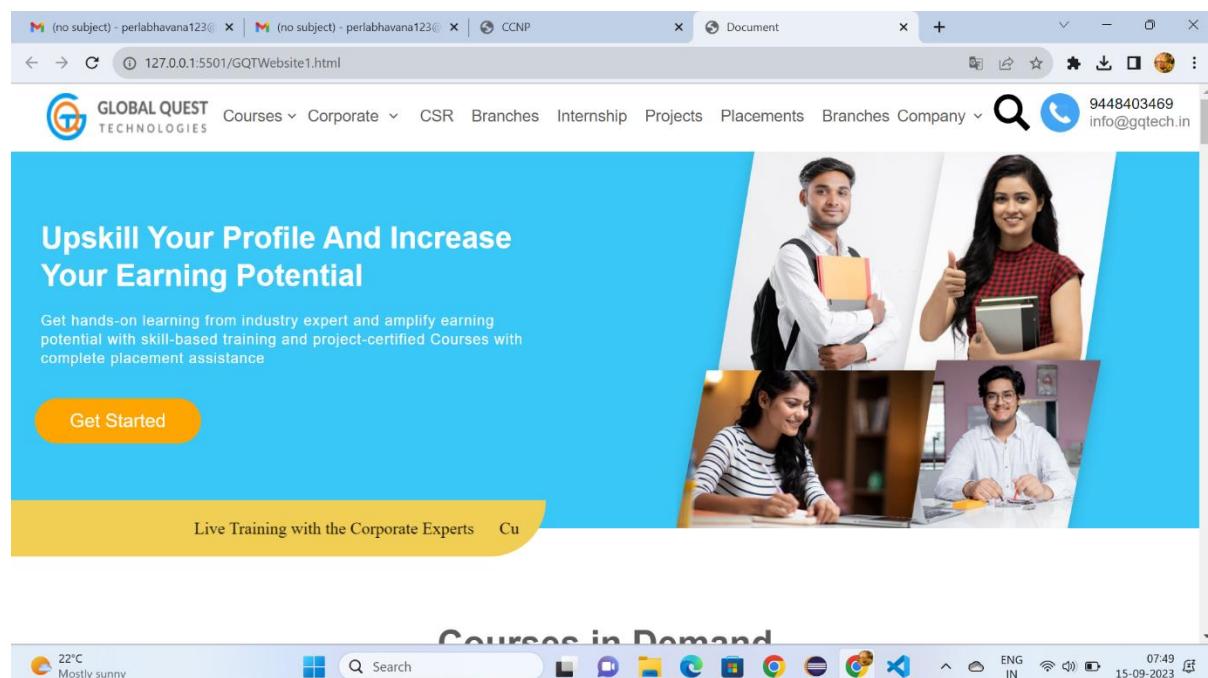

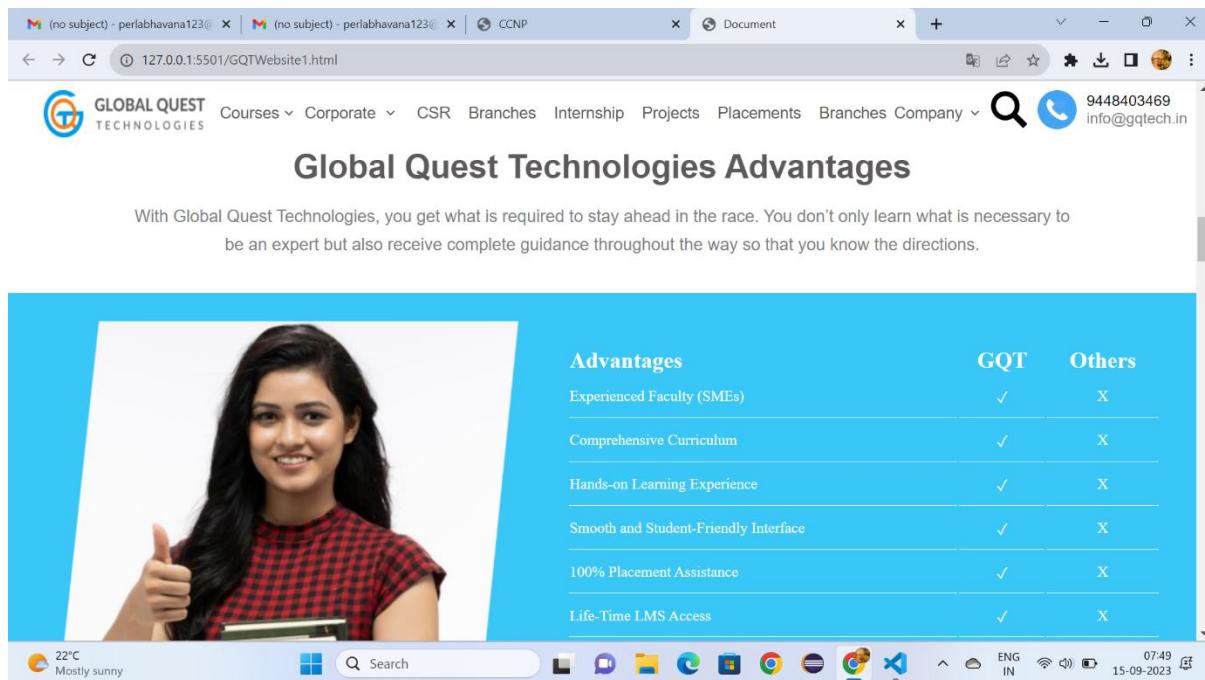

Fig:1.1

The screenshot shows a web browser window with three tabs open at the top: '(no subject) - perlabhavana123' (active), '(no subject) - perlabhavana123', and 'CCNP'. The main content area displays the 'Courses in Demand' page for Global Quest Technologies. The header includes the company logo, navigation links for Courses, Corporate, CSR, Branches, Internship, Projects, Placements, and Branches Company, a search bar, and contact information (9448403469, info@gqtech.in). Below the header, a sub-header reads 'Courses in Demand'. A sub-sub-header states: 'IT and non-IT courses are built with a foundational to application-level approach to provide students with a well-rounded understanding. Could you take at our most popular system?'. Two course cards are visible: 'Unified Course 1' (left) and 'Unified Course 1' (right). Both cards feature a woman with a laptop and a blue 'Learn More' button. The bottom of the screen shows a Windows taskbar with icons for weather (22°C, Mostly sunny), search, file explorer, and various applications.

Fig:1.2

This screenshot shows the same web browser window as Fig:1.2, but the 'Courses in Demand' section has been expanded to show four course cards: 'Data Science', 'DevOps', 'Programming Fundamental Course - 1', and 'MBA Training'. Each card includes an image, a title, a brief description, and a 'Learn More' button. The 'Data Science' card features a blue circuit board background. The 'DevOps' card features a blue cloud icon. The 'Programming Fundamental Course - 1' card features a man with glasses and a laptop. The 'MBA Training' card features two people talking. The Windows taskbar at the bottom remains the same as in Fig:1.2.

Fig:1.5

The screenshot shows the homepage of the Global Quest Technologies website. At the top, there is a navigation bar with links for Courses, Corporate, CSR, Branches, Internship, Projects, Placements, and Branches Company. On the right side of the header, there is a search icon, a phone icon with the number 9448403469, and an email link info@gqtech.in. Below the header, the main title "Why Global Quest Technologies - GQT?" is displayed. There are four callout boxes: "Meet and Mingle With Industry Experts" (describing interaction with experts), "360 ° Placement Assistance" (describing placement support), "Real-time Corporate Merge" (describing corporate experience), and "Personalised Mentorship" (describing personalized training). To the right of these boxes is a large image of a smiling man in a suit giving a thumbs up. The bottom of the screen shows a Windows taskbar with various icons and system status information.

Fig:1.6

The screenshot shows a page from the Global Quest Technologies website. The main title is "Just Everything You Need to Enhance Your Career". Below the title, a subtitle reads: "Just Everything You Need to Enhance Your Career Global Quest Technology provides the skills and knowledge to help you level up your career and shine bright as an individual in the industry." A section titled "Social Responsibility Drive- Motive of the Mission" features three portrait photographs of prominent Indian figures: A.P.J. Abdul Kalam, Mahatma Gandhi, and Narendra Modi. The bottom of the screen shows a Windows taskbar with various icons and system status information.

Fig:1.7

Social Responsibility Drive- Motive of the Mission

Dr.APJ Abdul Kalam Sir
"All of us do not have equal talent. But, all of us have an equal opportunity to develop our talents."

Swami Vivekananda
"Experience is the only teacher we have. We may talk and reason all our lives, but we shall not understand a word of truth."

Puneeth Rajkumar
"Stop Waiting For The Right Time. Time Isn't Waiting For You."

Output:

What is Corporate Social Responsibility (CSR)?

Corporate Social Responsibility is the policies and practices undertaken by a corporate institution to impact society positively. Businesses and corporations try to benefit the community through CSR programs while building a better bond with their stakeholders. Contributing to an organization with the influence the institutions have, they aim for long-term growth and success of society and their corporation.

Through the CSR programs, GQT aims to build a space for those who cannot access professional training and pave the way for a better future.

Output:

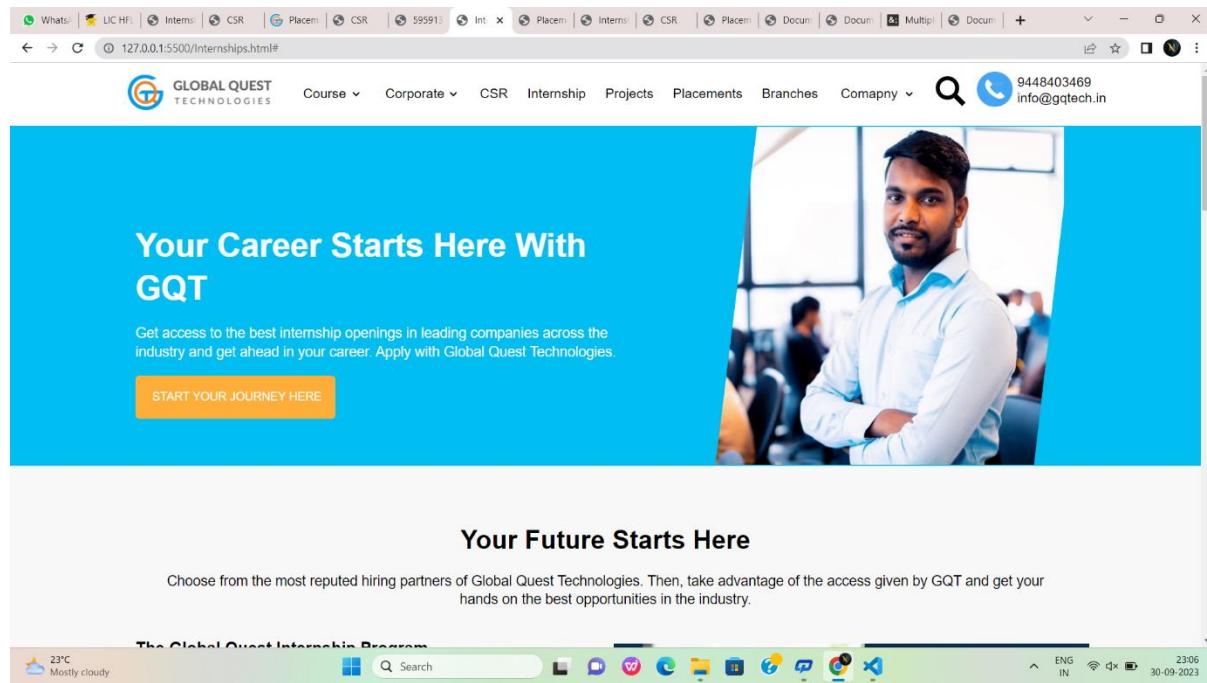

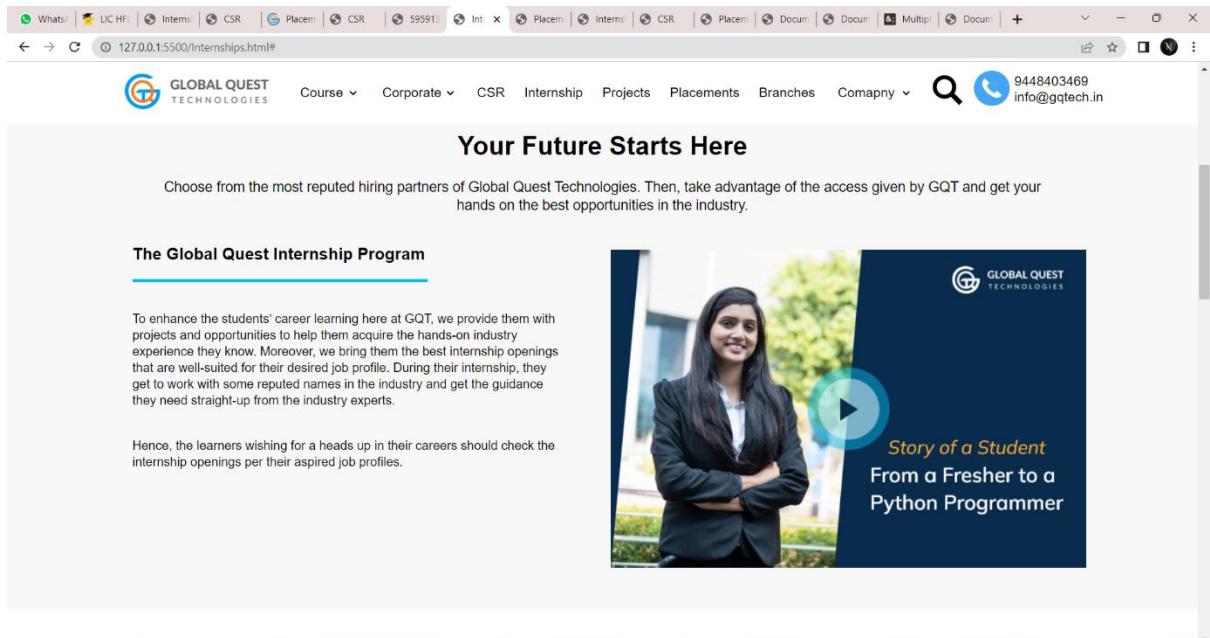

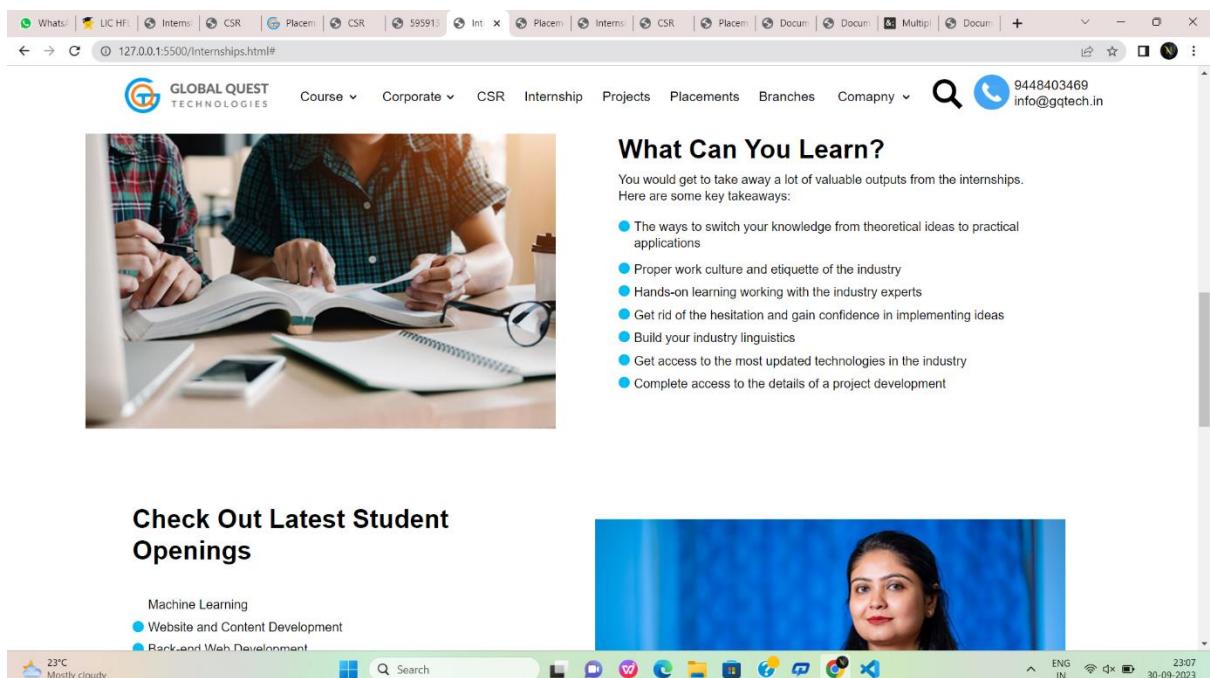

Fig:3.1

The screenshot shows a web browser window for the Global Quest Technologies Internships page. The URL is 127.0.0.1:5500/internships.html#. The header features the Global Quest logo and navigation links for Course, Corporate, CSR, Internship, Projects, Placements, Branches, Company, and a search bar with contact info (9448403469, info@gqtech.in). A main heading 'Your Future Starts Here' is followed by a subtext: 'Choose from the most reputed hiring partners of Global Quest Technologies. Then, take advantage of the access given by GQT and get your hands on the best opportunities in the industry.' Below this is a section titled 'The Global Quest Internship Program' with a paragraph about providing students with projects and opportunities to gain industry experience. Another paragraph notes that learners can check internship openings for their desired job profiles. To the right is a video thumbnail titled 'Story of a Student: From a Fresher to a Python Programmer', featuring a woman in a professional suit. The bottom of the screen shows a Windows taskbar with weather (23°C, Mostly cloudy), search, and various application icons.

Fig:3.2

This screenshot shows the same Global Quest Internships page as Fig:3.2. The main content area has changed to feature a large image of two students working together at a desk with notebooks and a laptop. To the right, a section titled 'What Can You Learn?' lists several key takeaways: switching knowledge from theory to practice, proper work culture, hands-on learning with industry experts, confidence in implementation, building industry linguistics, access to updated technologies, and complete project development details. Below this is a section titled 'Check Out Latest Student Openings' with a list of three openings: Machine Learning, Website and Content Development, and Back-end Web Development. The bottom of the screen shows a Windows taskbar with weather (23°C, Mostly cloudy), search, and various application icons.

The screenshot shows the homepage of the Global Quest Technologies website. At the top, there is a navigation bar with links for WhatsApp, LIC HFL, Internships, CSR, Placements, and more. Below the navigation bar is a search bar and contact information: 9448403469 and info@gqtech.in. The main header features the "GLOBAL QUEST TECHNOLOGIES" logo and a tagline: "Transforming Lives through Quality Education". A blue banner below the header contains the text: "We provide a wide range of courses covering various domains. Contact us with our expert to know more." The website has a dark blue header and footer, and a light blue sidebar on the left.

Why Amazon Web Services Course?</p>

<p style="margin-top:2%; color:rgb(70, 70, 112); font-family: 'Segoe UI', Tahoma, Geneva, Verdana, sans-serif;font-size:large;">

Amazon Web Services course by Global Quest Technologies is a course designed for building the foundation of an individual as an AWS developer. Along with that, they also get application-level experience through projects and practicals. The students get the relevant resources, training, and insights to help them acquire proper knowledge in the field and outshine the crowd as professionally backed up individuals.<br><br>

Our AWS course is designed by industry experts keeping in mind the requirements and necessities for an industry-ready individual. Our experts provide thorough and personalized guidance that caters to the individualistic needs to grow and learn.<br><br>

With G.Q.T., we ensure that the students are well-through with the theoretical insights and capable of hands-on implementation of the knowledge they acquire. Our courses are accompanied by relevant aptitude training and projects that would give the students a clear idea of the practical use of what they learn.

## Output:

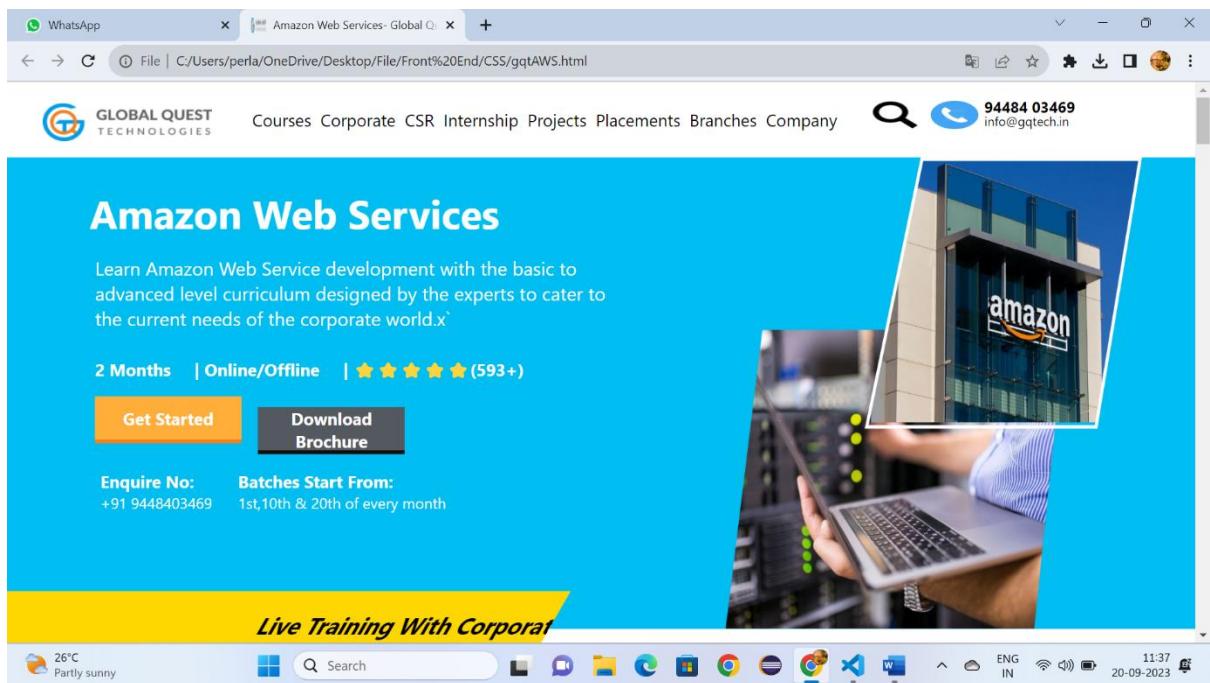

FIG:5.1

The screenshot shows the same web browser window as Fig:5.1, but now displaying the 'Course Overview' section. On the left is a sidebar with links: 'Overview' (selected), 'Instructors', 'Syllabus', 'Course Features', 'Course Fee', and 'FAQ's'. The main content area has a heading 'Course Overview' and several sections: '4-Months Course Duration' (text: 'We cover the requirements for landing a great job from the foundation to the finish.'), 'Placement Opportunities' (text: 'We are assisting in finding better and more relevant job openings.'), '100% Placement Assistance' (text: 'Providing complete assistance with the preparation to crack the interviews'), and '320+ hours of Live Training Interactive Sessions' (text: 'Thorough guidance ensures the students gain the best out of the course.'). At the bottom is a section titled 'Why Amazon Web Services Course?' with the text: 'Amazon Web Services course by Global Quest Technologies is a course designed for building the foundation of an individual as an AWS developer. Along with that, they also get application-level'. The bottom of the page has a yellow banner with the text 'Next class starts June 05' and a large orange 'Apply Now' button. Below the sidebar is a black box with the text 'Talk to Admissions + 91 9448403469'.

Why CCNA Course?</p>

<p style="margin-left:5%;margin-top:2%; color:rgb(70, 70, 112); font-family: 'Segoe UI', Tahoma,

Geneva, Verdana, sans-serif;font-size:large;">

CCNA course by Global Quest Technologies is designed to build an individual's foundation as a network engineer. Along with that, they also get application-level experience through projects and practicals. The students get the relevant resources, training, and insights to help them acquire proper knowledge in the field and outshine the crowd as professionally backed up individuals.<br><br>

Our CCNA course is designed by industry experts keeping in mind the requirements and necessities for an industry-ready individual. Our experts provide thorough and personalized guidance that caters to the individualistic needs to grow and learn.<br><br>

With G.Q.T., we ensure that the students are well-through with the theoretical insights and capable of hands-on implementation of the knowledge they acquire. Our courses are accompanied by relevant aptitude training and projects that would give the students a clear idea of the practical use of what they learn.

## Output:

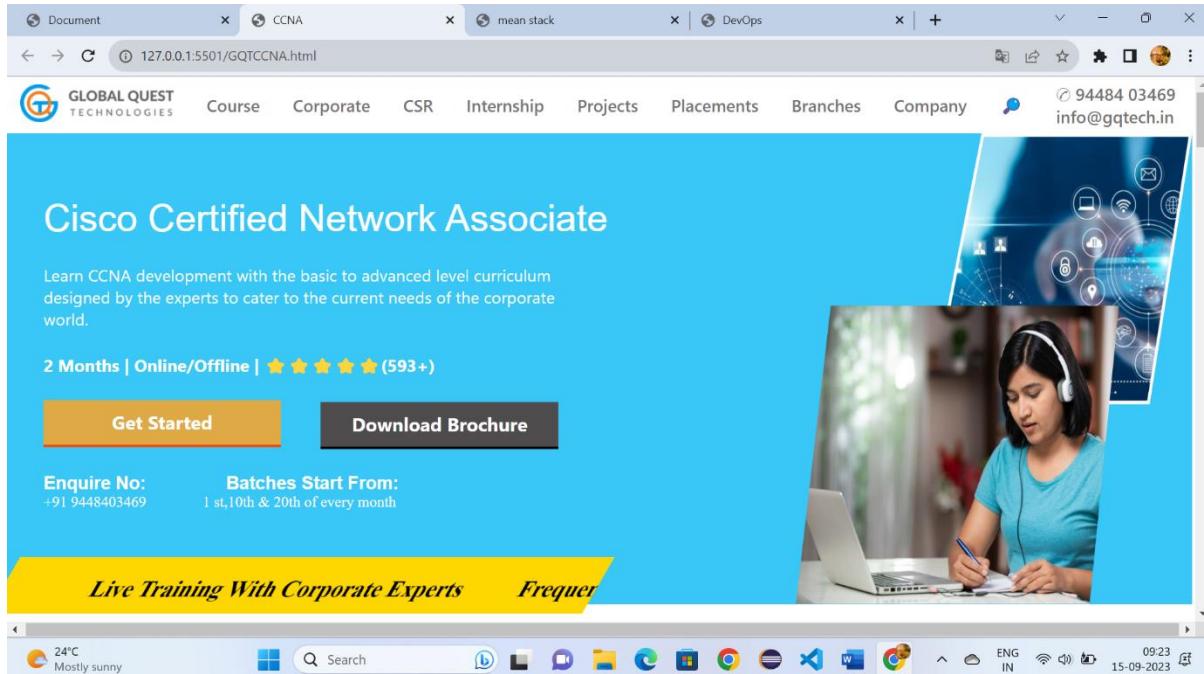

Fig:6.1

The screenshot shows a web browser window with four tabs open: 'Document', 'CCNA', 'mean stack', and 'DevOps'. The 'CCNA' tab is active and displays the 'Course Overview' page for Global Quest Technologies. The page features a sidebar with links for 'Overview', 'Instructors', 'Syllabus', 'Course Features', 'Course Fee', and 'FAQ's'. A message indicates the next class starts June 05. Below this is a large orange 'Apply Now' button and a black box containing the text 'Talk to Admissions + 91 9448403469'. The main content area contains sections for '2-Months Course Duration' (with a note about job placement), '100% Placement Assistance' (with a note about job placement), 'Placement Opportunities' (with a note about finding better job openings), and '120+ hours of Live Training Interactive Sessions' (with a note about thorough guidance). At the bottom, a section titled 'Why CCNA Course?' states that the CCNA course by Global Quest Technologies is designed to build an individual's foundation as a network.

Fig:6.2

The screenshot shows a web browser window with four tabs open: 'Document', 'CCNA', 'mean stack', and 'DevOps'. The 'CCNA' tab is active and displays the 'Syllabus' page for Global Quest Technologies. The page features a sidebar with links for 'Overview', 'Instructors', 'Syllabus', 'Course Features', 'Course Fee', and 'FAQ's'. A message indicates the next class starts June 05. Below this is a large orange 'Apply Now' button and a black box containing the text 'Talk to Admissions + 91 9448403469'. The main content area lists the syllabus topics: Network Fundamentals, Network Access, LAN Switching Technologies, WAN Technologies, IP Addressing IPv4 and IPv6, Easy Subnetting, IP Connectivity, Describe the Routing Concepts, and Routing Technologies.

Why CCNP Course?</p>

<p style="margin-left:5%;margin-top:2%; color:rgb(70, 70, 112); font-family: 'Segoe UI', Tahoma,

Geneva, Verdana, sans-serif;font-size:large;">

CCNP course by Global Quest Technologies is designed to build an individual's foundation as a network engineer. Along with that, they also get application-level experience through projects and practicals. The students get the relevant resources, training, and insights to help them acquire proper knowledge in the field and outshine the crowd as professionally backed up individuals.<br><br>

Our CCNP course is designed by industry experts keeping in mind the requirements and necessities for an industry-ready individual. Our experts provide thorough and personalized guidance that caters to the individualistic needs to grow and learn.<br><br>

With G.Q.T., we ensure that the students are well-through with the theoretical insights and capable of hands-on implementation of the knowledge they acquire. Our courses are accompanied by relevant aptitude training and projects that would give the students a clear idea of the practical use of what they learn.

Thorough guidance ensures the students gain the<br> best out of the course.</p>

</div>

<div>

<p style="margin-left:5%; color:black;font-family: 'Segoe UI', Tahoma, Geneva, Verdana, sansserif;font-weight:500;font-size:x-large;">

Why MEAN Stack Course?</p>

<p style="margin-left:5%;margin-top:2%; color:rgb(70, 70, 112); font-family: 'Segoe UI', Tahoma,

Geneva, Verdana, sans-serif;font-size:large;">

In the MEAN Stack course, the candidates will be exposed to the backend database called MongoDB.

Students would also be learning and working on Express.js and Angular.js. Along with it, they would get experience working with Node.js, a potential top-notch technology being used by the UI/UX developer in the present day. The developers training in the MERN Stack course would be able to give the beautification factor for the web pages and also create interactive windows for the users to work with</p>
